Before starting the assembly, familiarize yourself with the instructions attached to the fixture. Due to the dynamic development of lighting technology, additional information is provided at the customer's request. Information about recommended light sources is based on manufacturer data. We are not responsible for the completeness and validity of the offer, therefore we refer to the applicable technical information of the light source manufacturers. Condensation that may occur in fixtures is a natural phenomenon and does not affect the deterioration of the fixture's quality.
